

IS YOUR CHILD OWED \$1,500?

New York State owes NYC \$1.6 Billion in education funding. That translates to an average of \$1500 per student.

In 2017 alone, IDC members – who help Republicans block full school funding – received nearly \$700,000 in donations from charter school investors, who want to siphon money and good students from public schools.

You do the math: the IDC profits while your child's education suffers.

Call Governor Cuomo on Wednesday, March 28th to demand that he fully fund public education in New York State: 518-474-1041, press 2.

And on September 13th, vote the IDC out in the NY State Senate Democratic Primary!
